NOTE FROM THE DIRECTOR

Mikey Osborne

Things are really heating up around WEE, organizationally, physically, and spiritually. This time of year requires a great deal of work on all levels, and we have contact with more people during this time than any other. I love seeing people on campus, and am deeply moved when people leave here ready to engage the kingdom of God in a more purposeful manner. We only see some people once a year so inevitably almost every group asks us the same question, "What's going on at WEE?". After hearing this on multiple occasions, we knew we had to do a better job at disseminating information. This newsletter is our monthly attempt to keep everyone better informed on the happenings of WEE. WEE is constantly engaged in projects, and we hope to keep you updated on volunteer opportunities as well as major prayer needs surrounding what the Father is doing here. We are looking forward to another jam packed summer full of students coming to know the Lord better, many for the first time. Please keep praying for us, and stop by to see what all the Father is doing.

What's Going On?

This month WEE are pouring the concrete for a brand new basketball court/pavilion in front of Freedom Hall next to the road.

WEE are currently working on an outdoor kitchen next to the dinning hall to compliment all of the new decor inside.

Next month WEE will start construction on a new deck off the back of the dining hall overlooking the lake.

New side walks will be going in to connect all the buildings on camp.

WEE will also begin installation of a new go-cart track.

Camper/WEEon Testimony

“Camp was literally one week after my dad passed away, so you can imagine that the last place I wanted to be was around a bunch of happy-go-lucky Jesus loving people, who at the time I thought were crazy. I wanted to be alone, I wanted to mourn, and I wanted to spend my time trying to be angry at God ... Going out of spite, I remained almost completely uninterested the first day and a half, but by that second night of worship.. something changed. Eddie James Ministry, the words "I need You, I need You; for nothing, no place, no one else will do" and a huge reality check happened that night. As they began to sing that song, I started feeling something, a longing to understand what those words meant and I wanted them to apply to me and my life because I was hopeless. I needed something to fix my brokenness, and that something was Jesus. After I couldn't bear to sit there anymore I practically ran down to the front and everything I had built up inside of me spilt over. In that moment, I said yes to God and gave my everything to Him.

”

Volunteer Opportunities

- Continual lawn care
- Volunteers to cook, serve, and prepare food during the 2018 summer camps
- Tree trimming around camp
- Volunteers to paint scripture on Keeper's Den walls
- Construction aid inside Freedom Hall

Immediate Needs

- Dining Hall Deck
- Phase 1 of the Dining Hall expansion includes a deck off the back of the dining hall overlooking the WEE Lake. The cost of the material of the deck is \$19,600. The addition of this deck will allow WEE to add another small group area, dining hall overflow, and a general area for desk right on the lake

Miscellaneous Giving Opportunities

- (2) New Convection Ovens - \$6,500
- Loads of Rock (for roads)- \$20,000
- High Ropes Course- \$76,350
- Water Well- \$18,466.10
- Front Entrance- \$16,500
- Landscaping- TBD

Capital Campaign

GOAL:
\$665,000
Total Raised:
\$0

What is included in this phase?

Rapha

Basketball Pavilion

2 More Lakeside Cabins

2nd Phase of Dining
